April 15, 2020

PARIS--(BUSINESS WIRE)--Apr. 15, 2020-- Regulatory News:

Europcar Mobility Group (Paris:EUCAR):

As part of the cost-saving and cash preservation plan to reduce its costs announced on March 23rd, 2020, the Group announces that on April 13th, 2020, it has finalized its first lines of financing 70% guaranteed by the Spanish State for an amount of €36 million. These financing lines, with a 3-year maturity for its two operating subsidiaries in Spain - under the Europcar and Goldcar banners - are intended to consolidate the Group's liquidity to enable it to meet its vehicle financing needs and its corporate needs related to the impacts of the COVID-19 pandemic.

The Group is continuing its efforts, within the framework of the processes supervised by the Ministry of the Economy and Finance, with some of its lending banks to obtain additional financing guaranteed by the French State via the BPI. The Group has contacts of the same type through its foreign subsidiaries in countries where similar support measures have been deployed. The outcome of these initiatives will be communicated at a later date.

Finally, the Group continues to deploy its plan to reduce the volume and cost of its fleet, as well as, in particular, renegotiating some of its contracts and using partial unemployment.
