1. A € 220m term loan, signed with the Group's main French and international banks, benefiting from a 90% guarantee from the French State via Bpifrance ("Prêt Garanti par l'Etat").
 1. This facility will have an initial maturity of 1 year, with an up to 5-year extension option decided by Europcar (up to May 2026), subject to customary mandatory repayment provisions. Differed amortization for 1 year with a contemplated progressive amortization thereafter.
 2. Condition: no dividend payments in 2020 and 2021 and subject to a x3 net corporate leverage thereafter.
2. New financing facilities for the Group's Spanish subsidiaries (Europcar Spain and Goldcar Spain), totalling € 67.25m, signed over the last 2 weeks with Bankia and BBVA benefiting from a 70% guarantee from the Spanish State. These new facilities will have a 3-year maturity and proceeds are expected to fund both fleet & corporate needs.
3. A € 20m Incremental RCF tranche (to increase the facility from € 650m to € 670m) - provided by French banks which have obtained a guarantee from Eurazeo through a sub-risk participation.

All these new financing facilities, together with its existing financing framework, have been structured with regard to the current pandemic situation to allow the Group to face the significant business impacts resulting from lockdowns and travel restrictions everywhere it operates, while allowing to progressively resume its activities post COVID-19 crisis.

The Group remains in negotiation in other corporate countries on potential State Guarantee loans to reinforce its liquidity within the global financing framework.

Caroline Parot, Chairwoman of Europcar Mobility Group Management Board, declared:

"First of all, I would like to thank the Minister Bruno Le Maire, the Secretary of State Agnès Pannier-Runacher, the French State and our banks, for being supportive of Europcar Mobility Group and for allowing a constructive dialogue, at an early stage of the COVID-19 crisis. Our Group is also grateful for all the positive interactions and support our Country Managing Directors have received from their respective States and banking groups all across Europe. Finally, we are also thankful to Eurazeo for its renewed support in these difficult times.

These new financing lines will allow us to secure and progressively resume our activities once local economies restart and begin to recover. Our group is actively preparing for this restart, taking into account the new standards and customer expectations that will most likely stem from the crisis.

Over the coming months, given the uncertainties remaining ahead of us, we will actively continue our efforts to streamline our cost base and adapt our capital and debt structure to the evolutions of the business environment, with agility and flexibility.
