This is a free translation into English of the Statutory Auditors' report issued in French and is provided solely for the convenience of English speaking readers. This report should be read in conjunction with, and construed in accordance with, French law and professional standards applicable in France.

To the Shareholders,

In our capacity as Statutory Auditors of Europcar Mobility Group, and in compliance with Articles L.228-92 and L.225-135 et seq. of the French Commercial Code (Code de commerce), we hereby report to you on the proposed delegations of authority to the Board of Directors to carry out various issues of shares and/or securities, which are submitted to you for approval.

The Board of Directors proposes that, on the basis of its report, the shareholders:

- delegate to the Board of Directors, for a period of 26 months, the authority to decide and set the final terms and conditions of the following issues and, if necessary, to cancel shareholders' preferential subscription rights:
 - the issue, with preferential subscription rights, of ordinary shares and/or equity instruments granting access to other equity instruments of the Company or granting entitlement to debt securities, and/or any other securities granting access to equity instruments of the Company to be issued (resolution 19);
 - the issue, without preferential subscription rights, through a public offer, of ordinary shares and/or equity instruments granting access to other equity instruments or granting entitlement to debt securities, and/or any other securities granting access to equity instruments of the Company to be issued (resolution 20):
 - it being specified that the shares and/or securities to be issued can grant access to any equity securities or any securities giving access to the Company's equity securities to be issued, of any company in which Europcar Mobility Group directly or indirectly owns more than half of the capital ;

- it being specified that securities to be issued can grant access to equity instruments to be issued of any company in which Europcar Mobility Group owns directly or indirectly more than half of the capital;
- it being specified that the securities that are equity instruments of the Company can grant access to other existing equity instruments or entitlement to debt securities of any company in which Europcar Mobility Group does not directly or indirectly own more than half of the capital;
- the issue, without preferential subscription rights, through offers referred to in Section II of Article L.411-2 of the French Monetary and Financial Code (Code monétaire et financier), within the limit of 10% of the share capital per year, of ordinary shares, and/or equity instruments granting access to other equity instruments or granting entitlement to debt securities, and/or any other securities granting access to equity instruments of the Company to be issued (resolution 21):
 - it being specified that the shares and/or securities to be issued can grant access to any equity securities or any securities giving access to the Company's equity securities to be issued, of any company in which Europcar Mobility Group directly or indirectly owns more than half of the capital;
 - it being specified that securities to be issued can grant access to equity instruments to be issued of any company in which Europcar Mobility Group owns directly or indirectly more than half of the capital;
 - it being specified that the securities that are equity instruments of the Company can grant access to other existing equity instruments or entitlement to debt securities of any company in which Europcar Mobility Group does not directly or indirectly own more than half of the capital;
- authorize the Board of Directors, for a period of 26 months, in resolution 22 and under the delegated authority granted in resolutions 20 and 21, to set the issue price within the limit of 10% of the share capital per year;
- delegate to the Board of Directors, for a period of 26 months, the necessary powers to issue ordinary shares and/or equity securities granting access to other equity securities or granting entitlement to debt securities, and to issue other securities granting access to future shares to be issued, to remunerate contributions in kind made to the Company, consisting of equity securities and equity instruments granting access to share capital, within the limit of 10% of the share capital (resolution 24);
- delegate to the Board of Directors, for a period of 18 months, the competency to decide to issue ordinary shares and/or equity instruments granting access to other equity instruments or granting entitlement to debt securities, and to issue other securities granting access to equity instruments to be issued, without preferential subscription, for the benefit of a certain category of persons as part of a so-called *equity line* program (resolution 25), within the limit of 10% of the share capital.

The aggregate nominal amount of immediate or future capital increases cannot, according to resolution 29, exceed 50% of the Company's share capital as at the date of this Shareholders' Meeting in respect of resolutions 19 to 28, it being noted that the aggregate par value amount of future capital increases cannot exceed 50% of the Company's share capital as at the date of this Shareholders' Meeting in respect of resolution 19 and 10% of the Company's share capital as at the date of this Shareholders' Meeting in respect of resolutions 20, 21, 24 and 25.

The aggregate nominal value amount of debt securities that may be issued cannot, according to resolution 29, exceed €750 million in respect of resolutions 19, 20 and 21.

If the shareholders adopt resolution 23, these thresholds shall take into account the additional number of shares to be issued pursuant to the delegations referred to in resolutions 19, 20, 21, 24 and 25, under the conditions set out in Article L.225-135-1 of the French Commercial Code.

It is the responsibility of the Board of Directors to prepare a report in accordance with Articles R. 225-113 et seq. of the French Commercial Code. It is our responsibility to express an opinion on the fairness of the information taken from the financial statements, on the proposed cancellation of preferential subscription rights and on other information relating to these transactions, presented in this report.

We performed the procedures that we deemed necessary in accordance with professional standards applicable in France to such engagements. Those standards require that we perform procedures to verify the content of the Board of Directors' report relating to these transactions and the methods used to set the share issue price.

Subject to a subsequent examination of the conditions of the issues once they have been decided, we have no matters to report on the information provided in the Board of Directors' report relating to the methods used to set the issue price of the shares to be issued under resolutions 20, 21, 22 and 25.

Moreover, since this report does not provide for the terms and conditions used to set the issue price of the equity instruments to be issued pursuant to resolutions 19 and 24, we cannot give our opinion on the method and basis used to calculate the issue price.

Since the final terms and conditions of the issue have not been set, we do not express an opinion on these terms and conditions, or consequently on the cancellation of the shareholders' preferential subscription rights proposed in resolutions 20, 21 and 25.

In accordance with Article R. 225-116 of the French Commercial Code, we will prepare an additional report if and when the Board of Directors uses its delegations of authority to issue securities granting access to equity instruments or granting entitlement to debt securities, to issue securities granting access to equity instruments to be issued and to issue shares without preferential subscription rights.
