This is a free translation into English of the Statutory Auditors' report issued in French and is provided solely for the convenience of English speaking readers. This report should be read in conjunction with, and construed in accordance with, French law and professional standards applicable in France.

To the Shareholders,

In our capacity as Statutory Auditors of Europcar Mobility Group, and in compliance with Articles L.228-92 and L.225-135 et seq. of the French Commercial Code (Code de commerce), we hereby report to you on the proposed delegation of authority to the Board of Directors to issue, without preferential subscription rights, ordinary shares and any other securities granting access to the Company's share capital, reserved for any financial institution or controlled subsidiary of such institution mandated by the Company, as part of the implementation of an international Europcar Mobility Group employee shareholding plan, which is submitted to you for approval.

The Board of Directors proposes that, on the basis of its report, for a period of 18 months, the shareholders delegate to the Board of Directors the authority to issue shares and/or securities and to cancel their preferential rights to subscribe to the shares and/or securities to be issued. The final terms and conditions of such an issue would be set by the Board of Directors.

The maximum nominal amount of capital increases that may be executed immediately or in the future cannot exceed 3% of the Company's share capital, as at the date of this Shareholders' Meeting, it being specified that this threshold is common to the share capital increases carried out in the context of resolutions 27 and 28.

It is the responsibility of the Board of Directors to prepare a report in accordance with Articles R.225-113 and seq. of the French Commercial Code. It is our responsibility to express an opinion on the fairness of the information taken from the financial statements, on the proposed cancellation of preferential subscription rights and on other information relating to these transactions, presented in this report.

We performed the procedures that we deemed necessary in accordance with professional standards applicable in France to such engagements. Those standards require that we perform procedures to verify the content of the Board of Directors' report relating to these transactions and the methods used to set the issue price.

Subject to a subsequent examination of the conditions of the issues once they have been decided, we have no matters to report on the information provided in the Board of Directors's report relating to the methods used to set the issue price of the shares and/or securities to be issued.

Since the final terms and conditions of the issue have not been set, we do not express an opinion on these terms and conditions, or consequently on the proposed cancelation of the shareholders' preferential subscription rights.

In accordance with Article R.225-116 of the French Commercial Code, we will prepare an additional report if and when the Board of Directors uses this authorization.
